**AGENCY:** Federal Highway Administration (FHWA), Department of Transportation (DOT).

**ACTION:** Notice of proposed MOU and request for comments.

**SUMMARY:** This notice announces that FHWA has received and reviewed a renewal package from the Utah Department of Transportation (UDOT) requesting renewed participation in the Surface Transportation Project Delivery Program (Program). The FHWA determined the renewal package to be complete and developed a draft renewal MOU with UDOT outlining how the State will implement the Program with FHWA oversight. The public is invited to comment on UDOT's request, including its renewal package and the proposed renewal MOU, which includes the proposed assignments and assumptions of environmental review, consultation and other activities.

### **Background**

Section 327 of Title 23, United States Code (U.S.C.), allows the Secretary of the DOT to assign, and a State to assume, the responsibilities under the NEPA (42 U.S.C. 4321 et seq.) and all or part of the responsibilities for environmental review, consultation, or other actions required under certain Federal environmental laws with respect to one or more Federal-aid highway projects within the State. The FHWA is authorized to act on behalf of the Secretary with respect to these matters.

The UDOT entered the Program on January 17, 2017, after submitting its application to FHWA, obtaining FHWA's approval, and entering into a MOU in accordance with 23 U.S.C. 327 and FHWA's application regulations for the Program (the original 23 CFR part 773).

On November 16, 2016, FHWA published a notice of UDOT's draft MOU in the Federal Register to solicit the view of the public and Federal agencies on FHWA's preliminary decision to approve the application. Following the comment period, FHWA and UDOT considered comments and proceeded to execute the MOU (2017 MOU). Effective January 17, 2017, UDOT assumed FHWA's responsibilities under NEPA, and the responsibilities for reviews under other Federal environmental requirements.

On July 21, 2021, after coordination with FHWA, UDOT submitted a renewal package in accordance with the renewal regulations in 23 CFR 773.115. On November 18, 2021, UDOT requested an extension to the 2017 MOU in order to allow further discussion between the parties on the new language for the renewal MOU. In a letter dated December 8, 2021, FHWA granted an extension of the MOU until April 29, 2022. Under the proposed renewal MOU, FHWA would assign to the State, through UDOT, the responsibility for making decisions on the following types of highway projects:

1. All Class I, or environmental impact statement projects, both on the State highway system (SHS) and Local Agency Program (LAP) projects off the SHS that are funded by FHWA or require FHWA approvals.

2. All Class II, or categorically excluded projects, both on the SHS and LAP projects off the SHS that are funded by FHWA or require FHWA approvals, and that do not qualify for assignment of responsibilities pursuant to the MOU for environmental reviews and decisions for actions qualifying for CEs pursuant to the 23 U.S.C. 326 program.

3. All Class III, or environmental assessment projects, both on the SHS and LAP projects off the SHS that are funded by FHWA or require FHWA approvals.

4. Projects funded by other Federal agencies, or projects without any Federal funding, of any Class that also include funding by FHWA or require FHWA approvals and meet the definition of a highway project found at 23 CFR 773.103. For these projects, UDOT would not assume the NEPA responsibilities of other Federal agencies. However, UDOT may use or adopt other Federal agencies' NEPA analyses consistent with 40 CFR 1500-1508, and DOT and FHWA regulations, policies, and guidance.

Excluded from assignment are highway projects authorized under 23 U.S.C. 202 and 203; highway projects under 23 U.S.C. 204, unless the project will be designed and constructed by UDOT; projects that cross State boundaries; projects that cross or are adjacent to international boundaries; and any projects that may be designed and constructed by FHWA under a 23 U.S.C. 308 agreement between the FHWA Central Federal Lands Highway Division and UDOT.

The assignment also would give UDOT the responsibility to conduct the following environmental review, consultation, and other related activities:

The proposed renewal MOU would allow UDOT to continue to act in the place of FHWA in carrying out the environmental review-related functions described above, except with respect to government-to-government consultations with federally recognized Indian Tribes. The FHWA will retain responsibility for conducting formal government-to-government consultation with federally recognized Indian Tribes, which is required under some of the listed laws and EOs. The UDOT will continue to handle routine consultations with the Tribes and understands that a Tribe has the right to direct consultation with FHWA upon request. The UDOT also may assist FHWA with formal consultations, with consent of a Tribe, but FHWA remains responsible for the consultation. The UDOT also will not assume FHWA's responsibilities for conformity determinations required under Section 176 of the CAA (42 U.S.C. 7506) or any responsibility under 23 U.S.C. 134 or 135, or under 49 U.S.C. 5303 or 5304.

The MOU content reflects UDOT's desire to continue its participation in the Program. The FHWA and UDOT have agreed to modify some of the provisions in the MOU to, among other things: clarify the categories of projects for which UDOT is assigned responsibility, designate a Senior Agency Official at UDOT consistent with 40 CFR 1508.1(dd); remove projects for which FHWA retained responsibilities for environmental review following a NEPA decision; remove auditing requirements; revise monitoring requirements; update record retention requirements; provide for enhanced reporting to FHWA on issues including environmental justice analysis and associated

mitigation, where applicable; revise provisions related to data and information requests; and revise provisions related to FHWA-initiated withdrawal of assigned projects.

A copy of the proposed renewal MOU and renewal package may be viewed on the DOT Docket, as described above, or may be obtained by contacting FHWA or the State at the addresses provided above. A copy also may be viewed on UDOT's Website at

The FHWA Utah Division, in consultation with FHWA Headquarters, will consider the comments submitted when making its decision on the proposed MOU revision. Any final renewal MOU approved by FHWA may include changes based on comments and consultations relating to the proposed renewal MOU and will be made publicly available.
